Parking for Carers at Hospitals - new guidance

Following a Campaign by Carers UK and Julie Cooper MP - the Department of Health has updated its guidance on hospital parking charges to specifically include carers. For the first time it says that carers should get concessions such as free or reduced cost parking.

These are guidelines and not legal duties on hospitals, however it is a step towards tackling the unfair burden on carers. Carers UK is asking people to contact their local NHS Trust to tell them about the changes and ask what concessions will be now available for carers, in light of the new guidance.

Care and Share Time Bank Hampshire

What is the Time Bank?

It is a way for people to help others in their community and be rewarded for it – in time. For every hour of time you give helping someone, you receive one time credit. Everyone's time is equal! The Time Bank will be starting in the Alton, Hedge End, Totton and Southern Test Valley areas alongside our Rendezvous' (Community Cafes). We hope to expand it to the rest of Hampshire at a later date.

What can you do with your Time Credits?

You can 'spend' your time credits when you need help from someone else. You can give them to another person who needs help or you can save them. No money is involved.

Anyone can join the Time Bank!

Age, ability, lack of finance or limited mobility are not barriers to participating in the time bank. Contact us to discuss ways in which you can get involved.
